

Blog 4 Big Bucks Question

Posted by WebSolutions 4 All.co.uk - 2010/10/12 10:40

Hi Carty,

Read up on your domain about your offering but can you enlarge on what it actually included please ?

I'm just wondering if this product will help me with structuring my blogs, advise on how many posts to make, where to get my article type content from etc ...

I'm not after something to advise on how to setup a blogger or WP blog now but more the intermediate to advanced stuff.

I've now found setting up the Amazon and CB stuff quite easy but I'm now after advice on how to structure your blogs, promoting them and what I find the most difficult at the moment, coming up with unique article type content ...

Having trouble getting my head around how I'm going to get all this done.

Obviously out-sourcing will help in the future but as I find writing content so time consuming, I think I'm in need of it now :(

Forgot to ask Carty, if I buy this product, do you offer e-mail support on it ?
