

## Troubles with activation

Posted by fthomas - 2010/08/24 15:19

---

Good day! I'm trying to transfer my autoblogging software to a new laptop and I need to see about getting a new activation code.

thanks,

Frank

Hi Carty,

I think I need a new activation code. I downloaded from BHW and I had downloaded from Warrior Forum before and it opens up with demo version...or maybe I'm just technically challenged and doing something wrong; but either way advice would be appreciated. :blush:
