

Unable to connect/add blog - Blogger.com blog

Posted by diapterg - 2010/10/19 01:32

I'm unable to connect/add a blog I have on blogger.com

1. Add New blog
2. pick blogger
3. enter gmail credential (correctly) cause I'm able to log in to my blogger.com blog
4. Choose blog name
- 5 Add blog (ftp not enable)

See attached error message

Unhandled exception has occurred in you applicaion. If you click Continue, the application will ignore this error and attempt to continue. If you click Quit, the application will close immediately.

Th Blog name is having some special characters like ,.\$ probably. Please remove them and try again.

Regards,
Carty..
