

I had a big mistake with ABS purchase Carty

Posted by yemyrcom - 2010/10/19 16:07

hi carty

I purchased Auto Blog Samurai, but I learned that it is only reseller and You are creator. Auto Blogging Software is real program. What can I do about this problem?

Why two same program is active? Is it my fault? I paid \$77, if you accept that, I want to pay \$22 for you.

Best Regards

Sorry my english
