

cant link to image

Posted by clementes - 2010/11/17 21:11

hi,

I have an issue since i cannot put link to an image,
I wanted to insert amazon buy button and it showed me this message ;

otherwise no complaint,ABS is working flawlessly,

thank you

Klemen

The best way to insert AMazon buy button automatically is to upload the image once to your blog, get the link to it and add it to the post template so the buy button appears automatically. Get me?

Regards,
Carty..
