

How many Google Accounts?

Posted by jasonmun - 2010/04/28 11:45

Hi Carty,

Just bought this bad boy and I can't wait to put it to work.

Just a quick question, do you create all the blogger blogs under the same account?

Cheers...

Dear Jason,

Thank you very much for your purchase and welcome to our community. I suggest you don't have more than 5 blogs per account. But for Adsense, use one account on all your blogs.

Regards,
Carty..
